

Hello to all Park County Caucus members. My name is Wallie Weld. I am running for Park County Commissioner in District 2. It would be an honor to garner your vote this November. I want to give you all a better idea of who I am and my political beliefs for our county.

I am a 4th generation Colorado native and I have owned a home here in Park County for 26 years. My love for our county, state and country are based on the awesome constitutions formed during our nations and state's infancy. I have been a registered Republican for 50 years. Continuing these principles of limited government intrusion and our right to personal property and independent living are basic conservative values.

I have been a licensed Real Estate Broker in the state of Colorado for 23 years. My involvement in proper land usage at the residential, commercial and farm and ranching levels will assist in my making sound decisions for a our county. Prior to my real estate experience, I worked for Union Pacific Railroads Mining Corporation in geologic exploration and mine evaluation divisions for 24 years. Working closely with our environmental group we assured any affected land owner that we would return their property to them in equal or better condition. That was our pledge to them and we did just that for each and every project we completed.

I umpire Baseball, Softball, Volleyball and Football at various levels in these sports. I also volunteer at the Denver International Airport in the USO. I have enjoyed being a poll watcher for the past 2 years in Fairplay and Bailey. I am a member of the Sons of American Legion and honored to be their Senior Vice Commander for the State of Colorado. Our Veterans and First Responders have a front row seat in my family's and my heart and will forever.

My wife Cyndy and I have 5 children who are all educated, gainfully employed and NOT living at home (WOO HOO)! We are excited and determined to continue the American Dream that was established by our founding fathers. This will ensure my family and my Park County family will flourish in the years to come.

I hope this gives you all a little bit of insight into who my family and I are. Please do not hesitate to call or email me at any time. I look forward to shaking your hand soon.

Respectfully,

Wallie
